Instructor's Message:

Why Art Lessons?

Art lessons are not just for a month or two. Art is something that you learn gradually with love, practice, and patience. Art is an ongoing learning process. You can master it with time, passion, and practice.

These art lessons are for all ages, from Pre-K to adult. Parents even take lessons with their children. Each student creates their own individual artwork, based on their talent, skill, and interest. No two artworks are the same!

I am amazed at the individual growth of my students within a few months, no matter what age. Over the years, I have witnessed many inexperienced students develop into wonderful artists in just a short time.

I take great joy and pride in my teaching! **My students are getting national & international awards for their artwork. National Aviation, Humpty Dumpty Magazine, Blick Art, Wild life Federation are among few awards.**
